## Credit Searches

The credit union is a member of Experian

1. When you apply for a loan, this organisation may check the following records about you:

- (a) Our own records;
- (b) Records at credit reference agencies (CRAs). When CRAs receive a search from us they will place a search footprint on your credit file that may be seen by other lenders. They supply to us both public (including the electoral register) and shared credit and fraud prevention information.
- (c) Those at fraud prevention agencies (FPAs).

The searches may assess this application for credit and verifying identities to prevent and detect crime and money laundering. We may also make periodic searches at CRAs and FPAs to manage your account with us.

2. If you give us false or inaccurate information and we suspect or identify fraud we will record this and may also pass this information to FPAs and other organisations involved in crime and fraud prevention.

3. If you have borrowed from us and do not make payments that you owe us, we will trace your whereabouts and recover debts.

4. We and other organisations may access and use from other countries the information recorded by fraud prevention agencies.

5. Your data may also be used for other purposes for which you give your specific permission or, in very limited circumstances, when required by law or where permitted under the terms of the Data Protection Act 1998.

### How to find out more

This is a condensed version and if you would like to read the full details of how your data may be used please contact the credit union office.

You can contact the CRAs currently operating in the UK; the information they hold may not be the same so it is worth contacting them all. They will charge you a small statutory fee.
